Projects

Password Strength Evaluator

Jun 2024 - Oct 2024

- Developed a dynamic password strength evaluation tool using HTML, CSS, JavaScript and python to promote secure password practices among users.
- Implemented real-time feedback based on password length, use of special characters, numeric values, and case sensitivity, boosting user understanding of password security.
- Designed a user-friendly interface with responsive styling for consistent functionality across all devices.
- Contributed to improved cybersecurity awareness by helping users avoid weak and easily guessable credentials.
- Tech: HTML, CSS, JavaScript, Python
- GitHub Link: **Password Strength Evaluator**

Helping Hand

Nov 2022 – May 2023

- Developed a community-driven web platform enabling users to request assistance or offer help to others in their locality.
- Implemented interactive features with JavaScript for real-time post updates and dynamic content rendering.
- Designed a clean, responsive, and user-friendly interface to ensure accessibility across desktop and mobile devices.
- Encouraged social responsibility and community engagement by simplifying the process of connecting helpers with those in need.
- Tech: HTML, CSS, JavaScript
- GitHub Link: **Helping Hand**

Certificates

CompTIA Linux+ (XK0-005):

April 2024

Cybrary — Certificate Link

Introduction to Cybersecurity Essentials

March 2024

Coursera — Certificate Link

Introduction to Hardware and Operating Systems:

November 2023

Coursera — Certificate Link

The Bits and Bytes of Computer Networking:

November 2023

Coursera — Certificate Link

Technical Skills

Frameworks/Languages: Html, CSS, Java, JavaScript

Tools/Platforms: Cisco Packet Tracer, Kali Linux, Wireshark, Nmap, Zphisher, the Harvester

Skills: Network Scanning, Packet Sniffing, Ethical Hacking, Foot printing & Reconnaissance, Phishing Simulation, Linux Command Line

Education

Lovely Professional University Punjab

Since August 2022

Computer Science and Engineering — CGPA:7.21

Phagwara, Punjab

J.J College

2021 – 2022

12th with Science — Percentage: 70.2%

Gaya, Bihar

Residential Bal Vidya Mandir

2019 – 2020

10th with Science — Percentage: 79.4%

Gaya, Bihar
